

Strategic Plan 2015-2018

The Strategic Plan of the Canadian Association of Student Financial Aid Administrators is intended to help guide the Association as it makes resource decisions about research, training, advocacy and community support activities. This Plan is built on the guiding objectives laid out in CASFAA's Constitution and By-Laws and summarized in the Mission Statement. The Strategic Plan uses these concepts to articulate a vision and set of goals for the Association over the next three years. It is recommended that this plan be reviewed annually and amended as needed to reflect emerging circumstances.

The Journey Ahead

This Plan is comprised of several key components, from broad to focused:

Pillars

The core competencies which will raise and sustain our association.

Vision Statement

Where we see ourselves in 3 years and beyond.

Mission Statement

Who are we, what we do and how we do it.

Strategic Planning

GOALS are the statement we want to make about our business and direction we want to go.

OBJECTIVES are the specific outcomes expressed in measurable terms.

ACTIVITIES are the planned actions to achieve the objectives.

CASFAA's Pillars

The four pillars ADVOCATE, SUPPORT, EDUCATE and COLLABORATE are defined as our core competencies to be leveraged for and fortified by all that we do.

Publicly support or recommend to/for:	Give assistance to/for:	Provide instruction to or create awareness for:	Find opportunities and work jointly with:
<p>STAKEHOLDERS CASFAA members PSE educational institutions Government, federal and provincial/territorial Students and under-represented groups National student associations Provincial financial aid administrator associations Other PSE partners, agencies, councils and groups</p>			

CASFAA's Vision Statements

To be regarded as:

- A valued partner to inform and influence the direction of student funding for post-secondary education, the primary means by which include student financial aid and awards.
- A contributor and champion in Financial Literacy, promoting student academic success through financial wellness.
- Agent to enhance and strengthen partnerships in policy development, research, best practices and service delivery relating to government student financial assistance.
- Responsive and supportive to our membership, providing a strong community of practice with valuable opportunities for professional development and collaboration.

CASFAA's Mission and Purpose

The Mission Statement was updated with the launch of our new website and is included below.

CASFAA represents Financial Aid Administrators and Awards Officers in post-secondary institutions who are dedicated advocates in helping Canadian students achieve financial wellness and success. CASFAA promotes the professional development of its members, and maintains a national profile with educational institutions, federal and provincial governments, financial institutions, and national PSE organizations.

As a respected player in the educational arena, CASFAA, on behalf of its members, takes an active role towards ensuring government financial aid policy removes financial barriers and focuses on student welfare.

This is further elaborated by the **five statements of purpose included in the Constitution**. While our goals may change from time to time, these principles should remain as originally written.

1. To promote the professional and education development of its members.
2. To foster communication among student financial aid and awards personnel at post-secondary institutions in Canada in regard to need-based programs and scholarship programs.
3. To review all government financial assistance policies and administrative processes and, on behalf of our members, make recommendations for appropriate changes in student assistance programs to promote accessibility and affordability, support retention and encourage scholarship.
4. To initiate or conduct and/or support studies/research on financial aid and financial literacy as required.
5. To cooperate with other agencies, councils, and/or groups as appropriate.

Values

Our mission and purpose shall be executed **collaboratively** and **transparently**, with **integrity** and **student centeredness**, and in a **sustainable** manner.

Strategic Goals, Objectives and Activities

Table 1 outlines CASFAA's five strategic goals, which are the 'big picture' statements about our organization and the direction we collectively wish to take. The objectives identify specific desired outcomes. The activities are the planned actions to accomplish these. Each year the CASFAA Board will reflect on these to assign priorities and timelines. Considerations will include resource availability and any environmental trends or current events (e.g. policy shifts relating to government programs) which impact the ability to fulfill our mandate. Additionally, the Board will provide progress reports to the membership based on this format.

Conclusion

This Strategic Plan is a living document which shall be adapted as the need and opportunity arises. It is not intended to be prescriptive but rather to create an occasion for dialogue and a common direction toward which our communal efforts will be placed.

The Strategic Plan will be tabled at each Annual General Meeting to provide members with a progress report and to solicit feedback on future direction. Members may write to president@casfaa.ca anytime to share comments and ideas.
